

CD Hanging Ornament Craft

What you will need:

Old CDs
Yellow paper
Glue sticks
Decorative items such as gems, stickers, star stickers and sequins.

What to do:

1. Print out the [Little Town of Bethlehem Ornament Pattern \(PDF Pattern\)](#) onto bright yellow paper. If you are using a printer that has water soluble ink, print out the pattern onto white paper and then use a copy machine to copy it onto bright yellow paper. ([Printing Problems?](#))
2. Cut out around the edge of the picture and glue it to the centre of the CD. You can make two CDs with the pictures and glue them back to back so that the ornament can be viewed from both sides.
3. Use sequins, decorative lace, ribbon, stickers, beads, etc. to decorate the ornament. The decorative trim used on this ornament was tape to the back of one CD and then another CD with the same picture was glued to the back to cover up the tape and ribbon.
